

Small Groups

The small class size provides students with the opportunity to raise questions with their teachers and ensure that the issues that concern them are fully addressed during the week of study. The teachers will be able to provide individual attention to all the students. Also, one of the sessions will be a "clinic" session when students will determine what subjects will be covered by the teacher.

Experienced Teachers

Our teachers are dedicated and experienced professionals. Many have taught in Regent College for a number of years and some of them are examiners. They know the courses and the specific demands of the examinations. Therefore, they are able to help their students to gain a solid knowledge of key themes.

Examination Technique

Our Courses are based around preparation for the examination, but they are more than simple exam practice sessions. The course is designed to employ exam papers to highlight topics and issues that will be valuable for the students.

Assessment

Every student will be given a timed mock exam which will be marked and returned to the student before the end of the course. This exam will provide the student with a valuable guide for their progress.

Study Skills

The course will conclude with an additional study skills session that will offer the student valuable advice on how to study and revise for exams. Many students have benefitted from simple yet effective guidelines that have improved their study and examination technique.

The quality of the teaching was excellent and the guidance on examination technique was very valuable. Regent College helped me to obtain 3 A grades at A Level to read Economics at the University of Edinburgh.

Cleona Mathur (Henrietta Barnet)

The Easter Revision courses at Regent College Gave me the best preparation for my examinations, and helped me secure 4 A grades I needed for Cambridge University to read Medicine.

Jemima Loghanathan (Watford Grammar Girls)

Easter Revision Courses at Regent College

2000-2010

Regent College

Regent College is a highly successful Independent School and Sixth form College. The College provides full time education for students from year 7 to A Level as well as offering a wide range of evening and weekend classes and one-to one tuition.

Our experience and expertise enable us to offer high quality revision courses for GCSE and A Level students. The teachers for the Easter Revision Course are experienced and dedicated professionals, and our fully equipped school provides an excellent environment for quality revision sessions.

Easter Revision Courses

Our teachers are fully aware of the demands of the examination boards and the courses are carefully tailored to concentrate on the core elements that are essential for exam success. Students are also advised on exam techniques such as choice and analysis of question, planning answers and essay writing. Therefore, the course will provide a clear outline of the main features of each subject while allowing the students to raise their own areas of concern.

Each student will also be provided with an extensive study pack containing past examination papers. There will be a mock exam during the final stages of the course which will be marked by the course teacher. This will enable the teachers to provide a detailed assessment of the progress of the students.

Course structure

Each revision course lasts five days. There are normally four hours of teaching each day, divided into morning and afternoon sessions. There will be total of 20 hours teaching for each subject, in small groups.

09.00 – 1.00 Morning Session

02.00 – 6.00 Afternoon Session

Fees

AS / A2 - £400 per Subject

GCSE - £350 per Subject

Please note that timing and prices are quoted for group tuition. If private tuition is arranged our fee will be £40/ Hour for AS/A2 and £35/ Hour for GCSE.
