Points of thought:

- Focus Groups: Focus groups have been designed to assist our students who need the greatest amount of support. These groups are managed and run by Miss Houdinet our Learning Skills Co-ordinator. Within these classes, Miss Houdinet will be working on study skills, subject specific revision and organisation of homework.

If your child has been allocated into a focus group, Miss Houdinet will keep in contact. Additionally, should you feel that your child would benefit more from additional monitoring, please contact us or Miss Houdinet.

- Virash Patel who is the Director of Studies, as well as the Head of Science, will also be leading the Regent Medical School Programme. Therefore, students that are considering Medical, Dentistry and Pharmacy options for university will have the opportunity to meet with Mr Patel to discuss their choices.
- Due to the recent Earthquake in Haiti, we will be organising a fund raising campaign. Further details will follow. Should you have any suggestions, please do not hesitate to let us know.
- Within the forthcoming weeks, we will be organising talks from several universities. Further details will follow. Additionally, careers advice sessions will also be arranged for the benefit of our students.
- The UCAS process will begin for our AS students within the next few weeks, which will help students in identifying important issues such as university choices.
