Senior Selvanayagam would always be remembered in our hearts as an Educationist whose ideas shaped the face of higher education at Regent.

In order to continue the legacy left by the great man, Senior Selvanayagam Foundation was guided by the following principles:

Selvanayagam Senior Foundation will undertake a mission to implement educational, social welfare, and charitable projects in economically depressed areas of South Asia and the United Kingdom.

There are two simple values that would lie at the core of the foundation's work:

All lives – no matter where they are being led – have equal value.

To whom much has been given, much is expected.
